Conference Format and Presentations

¶4. (U) MOD's Vice Minister Vytautas Umbrasas and MFA's Vice Minister Asta Skaisgiryte are scheduled to make opening remarks at the conference. The conference format will consist of five sessions:

--Security Challenges: Regional Approach (moderated by Italy);

--ISAF Operation: Towards Phase IV (moderated by Lithuania);

--Support, Mentoring and Training of Afghan National Security Forces: The Way Ahead for the Region (moderated by the U.S.);

--Enhancing Civilian Dimension and Civilian Activities in PRTs and RC(W) HQ (moderated by Spain); and

--Capacity Building and Supporting Reconstruction and Development (moderated by Lithuania).

Each session will include a lead presentation followed by brief (ten minute) remarks by participating countries and a Q and A period. The moderator will introduce speakers and guide the conversation. The GOL requested that delegations submit a paragraph summarizing planned remarks as soon as possible. In addition the GOL has offered to make time during the first session for a member of the U.S. delegation to present new developments in our Afghanistan policy including President Obama's decision on troop levels (if available by the time of the workshop). The GOL is circulating a proposal for a civilian-military cell in RC-West (sent by email to SCA/A and EUR/NB). GOL representatives will raise the idea during the conference.

Conference Goals and Conclusions

¶5. (U) Ultimately, the GOL hopes that conference participants can establish strategic plans for deeper coordination within RC-West, more equitable balancing of RC-West resources, enhanced civilian participation and the long-term goal of transfer of PRT responsibilities to local authorities. The GOL will draft a paper to capture conference conclusions.
